

“A Thankful Heart”

This unique & entertaining program from Educational Entertainer BRIAN RICHARDS let's students know how important being Thankful is!

“As one of those brought on stage to help you with your act, I can certainly say that I thoroughly enjoyed your performance. I was impressed by both your “magic” ability and the rapport that you obviously had with the audience; your interaction with the children showed a real respect and a genuine liking for them too!! What comes from the heart touches the heart. I admire yours. Thanks again.”

-NAN GUSTAFSON, CHARITABLE FOUNDATION

Hello, my name is Brian Richards and I am proud to share with you my very special program, “A Thankful Heart”. Besides having an exciting, fun and entertaining time the children will explore the following themes...

We give thanks for our family and friends.

We give thanks for our good health and the good health of others.

We give thanks for each our gifts and talents!

At the end of this program you will find that the children will walk away understanding that appreciation is a daily obligation!

Of course at the end of the program I will give out my traditional “BIG BUCKS” that teach how to do 2 magic tricks!!

Kids love MAGIC and when you combine a strong message with unique entertainment you create.....IMPACT!!

One way I reinforce the themes in this program is by having the kids come up on stage and perform the magic. During one part of my show I share the Peanut Butter and Jelly trick talking about good health and moderation. The kids go crazy when I fail to see the magic, but in the end they get the message that we need to be thankful for our good health!

The kids love the MAGIC but in the process they learn about being THANKFUL!

Where: Lawrence Elementary - Canton, SD

When: November 1, 2019

Time: 2:00 p.m.

They truly are America's most precious resource this fun program let's them know it!
