

# Are We There Yet?

## Asking Sentences Road Trip

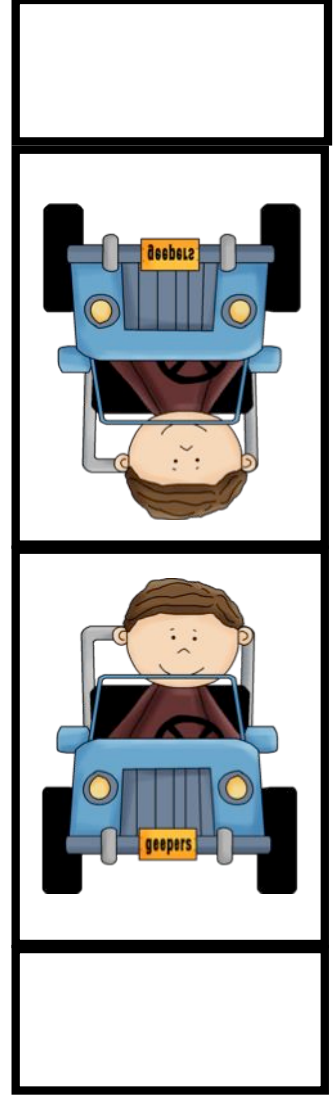

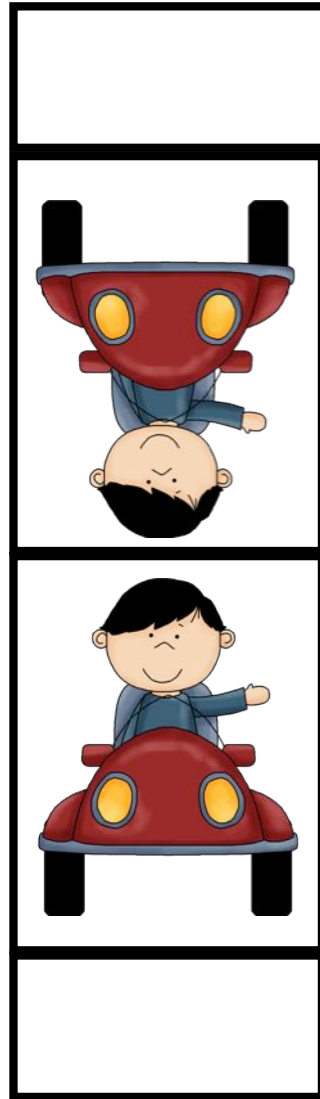

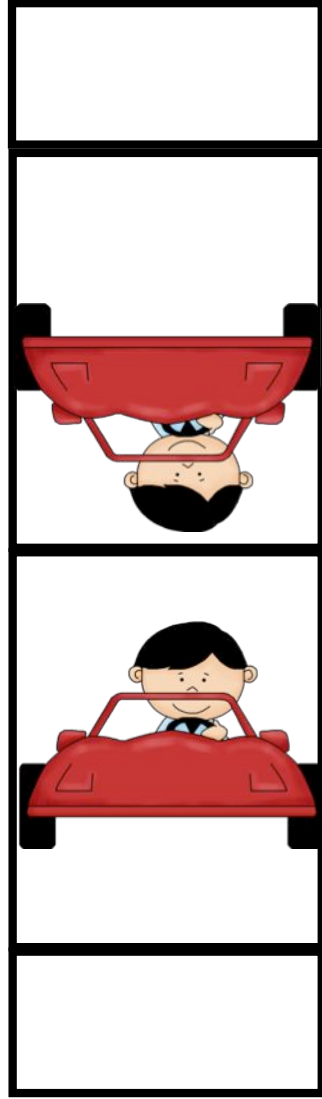

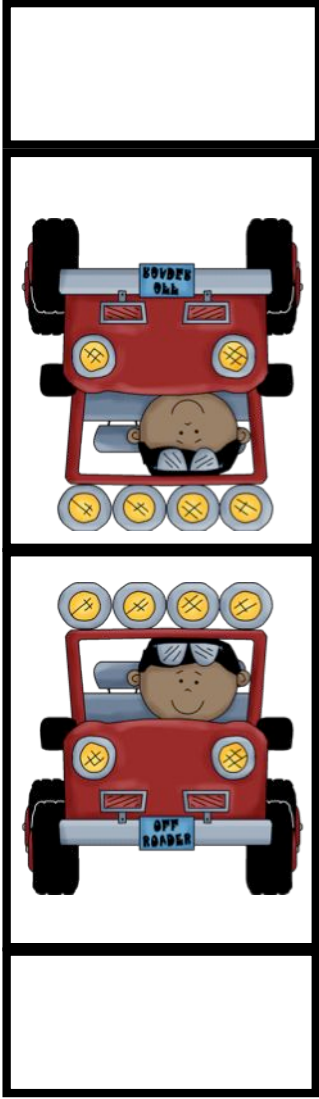

Two players race around the game board to complete their cross-country road trip. Select a car to drive with and choose the white or black road trip path to follow. Place your car on "Start Here." Shuffle the sentences and place them on the game board. To play, players take turns picking up and reading a sentence card. Determine if the sentence is an asking or telling sentence. If the sentence is asking a question, move onto the next circle of your road trip. If it is not an asking sentence, stay where you are. The first player to finish their road trip is the winner!

After game play, write down the sentences you've collected during your road trip and add the correct punctuation.
